Executive Operations Partner · C-Level & Founder Support Process & Documentation Specialist · Bilingual EN/ES · Remote

PROFESSIONAL SUMMARY

Operations professional with 20+ years of experience working directly with C-level executives and founders across corporate, cultural, and public sectors. Combines executive support with operations coordination, process standardization, and cross-functional collaboration. Translates business needs into structured, documented, and scalable workflows. Identifies gaps, structures information, and ensures processes are usable in real execution contexts, including Agile environments. Works remotely using digital tools and AI assisted workflows. Bilingual in English and Spanish.

SKILLS

Process & Operations

Business process documentation · Workflow optimization & standardization · Operating procedure development · Functional requirements & business analysis · Quality control · Operational audit · Gap analysis · Scalability planning · Cross-functional coordination · Travel planning & logistics coordination

Languages

Spanish — Native

English — Professional working proficiency (B2 certified, active C1 comprehension: conferences, podcasts, business communication, professional reading)

Italian — Basic reading comprehension

Portuguese — Basic reading comprehension

AI Tools

ChatGPT (OpenAI) · Claude (Anthropic) · DeepSeek · Gemini / Google · Kimi (Moonshot AI) — documentation, research, drafting, editing, workflow support, and basic interface development

Soft Skills

Problem solving · Analytical thinking · Attention to detail · Adaptability · Communication · Time management · Organizational skills · Stakeholder management · Discretion & confidentiality · Proactive gap identification · Cross-cultural communication · Solution-oriented

Productivity & Collaboration

Microsoft Office (Excel, Word) · Google Workspace · Notion · ClickUp · Jira · Trello · Slack · Zoom · Discord

Methodologies

Agile · Scrum · Lean · Kanban · Continuous improvement

Technology & Testing

Quality Assurance (manual testing) · User stories / epics · Test cases & execution · Bug reporting & defect tracking · Technical documentation · Foundational knowledge of strongly typed languages and relational databases applied to cross-functional collaboration

PROFESSIONAL EXPERIENCE

Operations & Process Analyst · *Vitality Global* · Nov 2025 — Present · Remote · Fixed-term contract

Documented end-to-end business processes for an MVP launch working directly with founders, identifying 6 out-of-scope scenarios that prevented pre-launch gaps and allowing the team to reach production with stronger operational readiness. Mapped scalability risks and defined monitoring criteria to anticipate bottlenecks. Refined onboarding structures (+50% data quality), standardized bilingual sales processes, and developed FAQ documentation to reduce friction. Identified and tracked 17 quality issues to full resolution in a cross-functional remote environment.

Operations & Functional Analysis · *Freelance & Continuous Training* · 2021 — Oct 2025 · Remote

Completed multiple certifications in functional analysis, quality assurance, Agile methodologies, and process coordination. Contributed to two web-based applications (restaurant and real estate sectors), identifying and tracking 66 functional issues to resolution (34 + 32). Work included business process documentation, workflow structuring, requirements definition, Agile coordination, and development of user documentation to support execution consistency.

Senior Operations Coordinator · *Argentina's National Ministry of Culture* · 2013 — 2024 · On-site / Hybrid

Managed 500+ high-complexity administrative files annually with legal and budgetary impact across 10+ departments. Led process optimization initiatives: file rejection reduced from 25% to 5%; processing time reduced by 70% (10 to 3 days). Certified GDE trainer and system reference for 20 staff in a legally binding, non-reversible documentation environment. Maintained operational continuity through six leadership transitions and four national administrations in a high-turnover environment. Engaged as external advisor to a director at a separate national public administration agency, upon recommendation.

Office & Operations Coordinator · *Ing. Juan O. Durante* - Land Surveying Studio · 2010 – 2013 · Córdoba, Argentina

Managed ~25 concurrent cadastral cases including legal documentation analysis and historical title research. Designed and implemented the studio's complete administrative infrastructure. Improved procedural efficiency by ~65%, reducing approval timelines below standard ranges. Identified technical inconsistencies in 70% of files reviewed and resolved corrections directly in AutoCAD.

Senior Bilingual Executive Secretary & Operations · *Tango Rally Team (Linal S.A.)* · 2006 – 2007

Managed 100% of international import/export operations for a professional rally team (~20 actions across multiple countries). Primary English-speaking liaison with Mitsubishi Motors Japan and suppliers in New Zealand, Italy, and the USA. Coordinated end-to-end travel and logistics for all team personnel across national and international competitions.

Senior Bilingual Executive Assistant to the CEO · *Neverland* (Ares S.A., 1998–2001) · (Galactronic S.A., 1994–1997)

Progressive role across two legal entities within the same business group, operating a leading network of family entertainment centers across major shopping malls in Argentina. Managed international communication with 40+ suppliers across the USA, Europe, and Asia (Sega, Nintendo, Disney, Namco, Zamperla) — procurement, contracts, invoicing, import logistics, and freight — handling 95% of all foreign communications on behalf of executive leadership. Full executive support to the CEO including complex international travel, real-time problem-solving, and translation of 100% of technical manuals and commercial contracts.

Senior Bilingual Executive Secretary · *PricewaterhouseCoopers (PwC)* · 1997 – 1998 · Córdoba, Argentina

Executive and administrative support to four senior managers at PwC's Córdoba regional office, operating within internationally recognized quality, documentation, and compliance frameworks. Established a lasting professional approach centered on precision, traceability, and disciplined execution.

EDUCATION

Postgraduate Diploma in Cultural Management & Production · *Universidad Blas Pascal (UBP)* · 2009 – 2010

Project planning · Event production · Team coordination · Budget management · Logistics · Legal and administrative aspects · Sponsorship · Communication. Final thesis on Argentine Customs Regulations affecting the international commercialization of artworks.

Visual Arts Teacher — Sculpture Specialization · *Escuela Superior de Artes Visuales de Entre Ríos*

Four-year degree combining visual arts practice, art education theory, and sculpture specialization.

Organizational Management & Leadership Studies (Incomplete) · *Universidad Nacional de San Martín (UNSAM)*

Institutional management · Human resources · Leadership and negotiation · Marketing · Organizational law.

Engineering Studies — Construction (Incomplete, 4 years) · *Universidad Tecnológica Nacional (UTN)*

Systematic thinking · Attention to technical specifications · Methodical validation of complex information. Core areas: Structural Analysis, Technical Drawing, Advanced Mathematics, and Applied Physics.

CERTIFICATIONS & PROFESSIONAL TRAINING

Project Management Fundamentals Certification · PMI Perspective - 2023 · Functional Analyst — Teaching Assistant EIDOS Global & Bid Lab · 2024 · Process Management Course — Introduction to Quality - 2000 · Training on Argentinean National Government Administration regulations, office productivity and documentation (MS Office, Linux, OpenOffice, official writing), art history, cultural management, public culture policies and international cooperation · INAP · 2013–2024.

Multiple institutions · 2022–2024.: Quality Assurance Manual Testing · X-Academy, EIDOS Global, Instituto Web, Program-On, Egg Education · 2021–2024. GDE Trainer Certification · INAP · 2016. Agile methodologies, Scrum Master training, project coordination tools
