Executive Operations Partner · C-Level & Founder Support Process & Documentation Specialist · Bilingual EN/ES · Remote

Operations Coordinator · Project Coordinator · Process Analyst · Operations Analyst · Functional Analyst · Business Operations · Executive Assistant (C-level & Founder support)

PROFESSIONAL SUMMARY

Operations professional with 20+ years of experience working directly with C-level executives and founders across corporate, cultural, and public sectors. Combines executive support with operations coordination, process standardization, and cross-functional collaboration. Translates business needs into structured, documented, and scalable workflows. Identifies gaps, structures information, and ensures processes are usable in real execution contexts, including Agile environments. Works remotely using digital tools and AI assisted workflows. Bilingual in English/Spanish.

PROFESSIONAL EXPERIENCE

Operations & Process Analyst · *Vitality Global* · Nov 2025 – Present · Remote · Fixed-term contract

Supported business operations and project execution for an MVP launch, working directly with founders to translate requirements into clear and executable workflows. Identified 6 out-of-scope scenarios early, preventing pre-launch gaps and ensuring operational readiness. Detected scalability risks in advance, defined monitoring criteria, and aligned business needs with day-to-day operations. Improved onboarding processes (+45% data quality), standardized bilingual sales workflows, and developed supporting documentation to reduce friction and enable consistent execution. Tracked and resolved 17 operational issues end-to-end, ensuring quality control, visibility, and completion.

Operations & Functional Analysis · *Freelance* · Oct 2023 – Oct 2025 · Remote

Provided operational support across business operations, project coordination, and functional analysis, contributing to two web-based applications (restaurant and real estate sectors). Worked on underdefined workflows, structuring them into clear and executable processes to sustain consistent project execution. Identified, tracked, and resolved 66 operational issues end-to-end (34 + 32), ensuring execution continuity and preventing bottlenecks. Documented processes and structured workflows for practical use, improving consistency and operational continuity in remote environments.

Senior Operations Coordinator · *Argentina's National Ministry of Culture* · Mar 2013 – Feb 2024 · On-site / Hybrid

Managed 500+ complex operational cases annually with legal and budgetary impact, coordinating across 10+ internal departments. Led process improvement initiatives: file rejection reduced from 25% to 5%; processing time reduced by 70% (10 to 3 days). Certified GDE trainer and operational reference for 20 staff in a legally binding, non-reversible documentation environment. Maintained operational continuity through six leadership transitions and four national administrations in a high-turnover environment. Provided operational support to a director at a separate national public administration agency, upon professional recommendation.

Office & Operations Coordinator · *Ing. Durante Land Surveying Studio* · Jan 2010 – Mar 2013

Managed approximately 25 concurrent cadastral cases, including legal documentation analysis, property title research, and historical domain records. Improved procedural efficiency by reducing approval timelines from 6 to 3 months. Identified technical inconsistencies in 6 out of every 10 files reviewed, resolving corrections independently in both plans and documentation. Designed and implemented internal tracking and workflow monitoring systems, standardizing procedures across the studio and at the government offices managing the surveys.

Senior Bilingual Executive Secretary & Operations · *Tango Rally Team (Linal S.A.)* · Sep 2006 – Nov 2007

Managed 100% of international import/export operations for a professional rally team (~20 actions across multiple countries). Primary English-speaking liaison with Mitsubishi Motors Japan and international suppliers in New Zealand and Italy, ensuring effective communication, operational coordination, and requirements resolution. Coordinated end-to-end travel and logistics for all team personnel across national and international competitions.

Senior Bilingual Executive Assistant to the CEO · *Neverland Park* (Ares S.A., Sep 1998– Mar 2001) · (Galactronic S.A., May 1994– Jul 1997)

Progressive role across two legal entities within the same business group, operating a leading network of 15 family entertainment centers across major shopping malls in Argentina. Managed between 85% and 95% of all international communications with 40+

suppliers across the USA, Europe, and Asia (Sega, Nintendo, Disney, Namco, Zamperla) — procurement, contracts, invoicing, import documentation, and freight coordination. Provided full executive support to the CEO including travel coordination, real-time problem-solving, and management of critical confidential corporate documentation. Coordinated CEO's institutional communications with national (AAPA) and Latin American (ALAP) industry associations and international organizations (IAAPA).

Senior Bilingual Executive Secretary · *PricewaterhouseCoopers (PwC)* · Aug 1997 – Sep 1998

Provided executive and administrative support to four senior managers at PwC's Córdoba regional office, operating within internationally recognized quality, documentation, and compliance frameworks. Established a lasting professional approach centered on precision, traceability, and disciplined execution.
